What is the GLA?

Mission

Since 1935, the Geneva Lake Association (GLA) has served as a guardian of Geneva Lake and its surrounding area. GLA's mission is to help inform and educate its membership on a variety of topics related to the conservation, preservation, environmental integrity, and general welfare of Geneva Lake. GLA advances its mission by providing timely and issue-centered communications to a wide membership base of area residents and local businesses.

See page 72 for the GLA By-Laws.

GLA services and benefits include

- Attentive monitoring of Geneva Lake area issues and concerns through the GLA Executive Secretary and its 27-member Board of Directors
- Annual publication of the *GLA Directory* of residents and pier numbers distributed to nearly 600 member families and businesses
- Annual updating of the pier numbering system for member convenience and to enhance Lake safety and emergency use by the Water Safety Patrol, police, ambulance, and fire departments around the Lake
- Periodic distribution to members and friends of the GLA-produced newsletter, the *Geneva Lake Guardian*
- Sponsoring the GLA Annual Meeting each summer to provide a forum for members to hear directly from local leaders and stakeholders who address current issues affecting the Lake

Background

During its 89-year history, GLA has grown to a broad membership of residents and businesses representing every village, association, inlet, bay and shore path around Geneva Lake. Residents on and off the Lake look to the GLA as one of the lake-wide organizations in place to keep residents current on issues of common concern or interest.

Because of the size of the area and the wide, varied interests of its growing population, the GLA Board includes 27 volunteer Directors from all corners of the Lake. This group, plus several retired (Honorary) Directors, the GLA Officers and its Executive Secretary form the GLA governing structure.

GLA's foundation is its dues-paying membership base, which is the only organization of its kind around the Lake and is the sole source of its financial support. All contributions are tax deductible as the GLA is a 501(c)(3) tax exempt organization

under IRS and State regulations. GLA carries out its responsibilities with a paid part-time Executive Secretary working within an operating budget to provide services and benefits to its growing membership.

GLA will continue to serve and support the interests of the wider Geneva Lake community through coordinated relationships with other Lake-serving groups whose missions are compatible, such as the Geneva Lake Water Safety Patrol, the Geneva Lake Environmental Agency, the Kishwaukee Nature Conservancy, the Geneva Lake Conservancy, the Geneva Lake Level Corporation, the Water Alliance for Preserving Geneva Lake, and the GLA affiliated Environmental Education Foundation.

What has GLA done for me lately?

The following are a few good examples of GLA participation through communication and education in events of significant importance to Geneva Lake over the years:

- Providing financial support for various cover crop experiments to help local farmers reduce phosphorus runoff to the Lake
- Taking an active role in preventing commercial use of the lake shore path
- Revising and posting rules and signage for use of the lake shore path, in coordination with selected property owners and, in the future, the municipalities
- Helping with the financing and acquisition of the CD3 equipment, as part of a multi-agency experiment to reduce invasive species from entering the Lake by making this boat cleaning machine available for use at municipal launches
- Securing funding for a Fire Boat for Linn Township to provide additional support to all area Fire Departments
- Supporting the efforts of the Geneva Lake Level Corporation to maintain the lake's water level and dam
- Participating in the successful Lake-wide initiative to prevent efforts to turn the Yerkes Observatory property into a large scale Lake front hotel/spa complex with potential environmental and land/lake conservation damage resulting
- The ongoing 45-year affiliation with its sister organization, the Environmental Education Foundation, as it provides scholarships and grants to Lake area students for environmental-centered studies and experiences
- Providing an annual forum each summer for members to hear from local leaders on current issues related to property trends, water quality, boating safety and area-wide conservation efforts, among other topics
- Participating in improved coordination activities among a multitude of local organizations to facilitate sharpened and streamlined responses to issues of current concern
- Keeping the membership current about the ongoing efforts of the Southeast Wisconsin Regional Planning Commission to revise the Geneva Lake Management Plan (last updated in 2008)(new Plan expected in 2024-25)

GLA ANNUAL MEETING MINUTES

Saturday, August 5, 2023
Lake Geneva Country Club
Lake Geneva, Wisconsin
9:30 a.m.

WELCOME – President Lillie called the 88th meeting of the Association to order at 9:35 a.m., thanking the membership for their support of our mission, their financial support and their attendance. Lillie read the GLA Mission statement and noted that the Association has no authority over the lake path or the lake, but has an obligation to inform and educate members on the issues that arise.

ENVIRONMENTAL EDUCATION FOUNDATION – EEF President Bill Thompson noted that 14 local scholars had received scholarships from EEF in 2023, and introduced ten of those who were able to attend. The scholars were recent graduates of area high schools, undergrads, grad students, and a technical college student. Thompson gave credit to the Reynolds family which started the EEF and continues to support the programs along with so many other area donors.

MINUTES FROM THE ANNUAL MEETING, AUGUST 6, 2022 – A motion to approve the minutes as published was passed unanimously (Stuhley/Kenny).

NOMINATING COMMITTEE REPORTS – Nominating Committee Chair Gee proposed the following slates, which were approved unanimously:

EEF Board of Directors (Voris/Goggin)

Barry Mess, Becky Merwin, Kristen Freytag, Gil Kirkpatrick, Skip Mosshamer, Jill Lorenzi, and Cindy Milojevic

GLA Board of Directors (McClayton/Gardiner)

GLA Directors with three-year terms to expire in 2026: E. Lynn Grayson, David Anderson, Tricia Forbeck, John Goggin, Scott Craven Jones, William McClayton, James Reuland, Susan Whiting, and George Atkinson

Gee announced the EEF Officers elected by their boards:

EEF: Bill Thompson, Pres.; Gil Kirkpatrick, Vice Pres.; Jim Smith, Secretary-Treasurer

GLA: Mark Lillie, Pres.; E. Lynn Grayson, Vice Pres.; Robert Morava, Secretary; Tom Gardiner, Treasurer; Jim Smith, Executive Secretary.

Gee recognized the dedication of retiring director Colman for her contributions to not only the GLA but to many community groups. Gee attributed the Fire Boat to her efforts as well as the rescue and revitalization of Yerkes as chair of Yerkes Future Foundation. This was met with resounding applause.

GENERAL REPORTS:

Lake Geneva Water Safety Patrol: Director Ted Pankau revealed that WSP lifeguards had saved two unconscious swimmers at beaches within two weeks, and emphasized the importance of WSP swimming classes. The patrol averages 20 rescues each season from boats and beaches.

Brigid Cashman noted that the WSP has on-line and in-person boating safety classes which result in licensing. While the state of Wisconsin teaches state boating rules, it

see **Annual Meeting**, pages 6-7

Annual Meeting

(continued from page 5)

does not cover some of the special requirements that apply only to Geneva Lake, such as the requirement that skiers, tubers, and surfers have a spotter in the boat in addition to the driver. The classes teach boating safety and regulations, but also inform about invasive species and good environmental habits. Many adults are finding the classes beneficial.

Real Estate Trends: Director Tricia Forbeck from Compass Realty provided a hand-out identifying some of the recent residential sales and residences for sale around the lake.

GLA Finance and Grants Report: Treasurer Gardiner noted the strong support from regular and commercial donors, the latter having improved from 60 to 90 memberships in 2023.

Lillie related that such strong support enables GLA to help with area organizations that complement GLA's mission of education and communication, and are beneficial to lake water quality. Financial support has been provided for the Environmental Education Foundation, Holiday Home, Geneva Lake Level Corp., Geneva Lake Environmental Agency, Yerkes Future Foundation, Geneva Lake Water Safety Patrol, and Lake Geneva Ministries.

CD3 Boat Launch Cleaning Apparatus Report: Secretary Morava described the traveling CD3 system that last year was shared a month each by the municipalities around the lake. The unit was an experiment financed by GLA and Geneva Lake Conservancy. Today, via a grant obtained by GLEA, five smaller units have been purchased and are in use by the municipalities. Williams Bay has two in service, Fontana, one, and Lake Geneva, one. The units clean, drain, dry and contain invasive species either coming from our lake or going from our lake. The original portable unit is available for use, and all units act as an educational billboards for environmentally sensitive boating.

DNR Lake Use Report: DNR Warden Brad Wilson reported on citations that the DNR has given for various boating infractions, such as Slow No Wake infractions, Boat Registration and licensing inadequacies, PFD inadequacies, OWIs, and boating accidents. The DNR is also watching for trailers entering and leaving Wisconsin on highways 120 and 14. Citations for trailering with weeds hanging from the trailers or water draining from the hulls are costly.

LAKE USE / WATER QUALITY CONCERNS

Challenges Facing Municipalities

Town of Linn Chairman Jim Weiss identified the pressure for development in Linn because it has more open space than the municipalities. Linn is able to control development because it has a good comprehensive plan. Linn also has only well and septic, which also limits the feasibility of large developments. One concern is the diminishing interest in volunteer fire fighting, so an agreement with LG provides some coverage during weekday hours. The town needs to work on getting response time under ten minutes. When asked about large hog farms, Weiss responded that as farms grow, the DNR takes over as the regulating body.

Williams Bay President William Duncan notes that the village is home to two

universities and four camps, all of which have significant lake frontage. Aurora Univ. is discontinuing its academic programs, and is now for sale. Williams Bay has some controls as these entities are zoned Public and Institutional, but still a concern is what might become of the property. The Bay struggled with EMS services and has joined with Fontana to maintain paid staff. Outdated infrastructure will require millions of water and sewer work in the near future.

Fontana President Patrick Kenny notes that Fontana has been very active in curtailing water runoff and related issue by enforcing green space and constructing drainage basins. Fontana has worked with the Abbey and Big Foot Country Club providing over 24 retention areas in the village.

Lake Geneva Mayor Charlene Klein recognizes the lake as the draw for the economic health of the municipalities. In Lake Geneva, the importance of the dam and upcoming maintenance is looming. As the new Chair of the Geneva Lake Law Enforcement Agency, Klein related the numbers of citations given for various boating infractions given by the GLLEA. Big Foot Beach is busier than it ever was, and safety is critical there. Development of the former Hillmoor Country Club is still in the study phase, but Klein promises the city will take all environmentally sound measures to make sure the final project is an asset to the community and not detrimental to the lake. Highway 50 construction will run right through the city in 2026 and 2027. It will be a hardship, but replacing 100-year-old infrastructure will be good for decades to come.

Geneva Lake Management Plan Update

Director Tom Nickols reported that as part of the plan a survey was sent to 2000 lake area residents and produced 280 responses, mostly from long-time residents of the area who are passionate about the lake. The respondents represented the four municipalities fairly evenly. The goal is to identify the issues that threaten the lake, and to devise actions of remedy. Some of the same issues that were noted in the 2008 plan are still present, but bigger boats, number of boats, invasive species, and other issues are arising. Planners will use drones to count all of the boats on Geneva Lake, including those in operation and those that are moored. The plan is identifying all of the tributaries that at some point feed into the lake, so that they can be studied for what they contribute either positively or negatively to the water quality. More information and communication will be forthcoming in the next month.

What is a Lake District? Should Geneva Lake Consider Having One?

Vice President E. Lynn Grayson reviewed many questions about a lake district, including the purpose of a lake district, how to form a lake district, identifying the boundaries of a lake district, the day-to-day operation and control of a lake district, funding a lake district, and the potential benefits of a lake district. A paper representation of her report is available from the GLA office, and a link to the University of Wisconsin-Stevens Point web page about Lake Districts is on the GLA web site at www.genevalakeassoc.org under the Water Quality menu.

ADJOURNMENT:

There being no further reports, President Lillie adjourned the meeting at 11:05 a.m. (Goggin/Morava)

Respectfully submitted,
James A. Smith, Executive Secretary

ENVIRONMENTAL EDUCATION FOUNDATION, Mission

The mission of the EEF is to award educational scholarships and grants to area students and schools for environmental-centered studies and to promote environmental awareness to all in the Geneva Lake area.

See page 66 for the EEF By-Laws.

A Big Foot graduate heading off to college with a \$16,000 scholarship to help him become an environmental educator... a Badger grad who is already a superstar in ecological

EEF President Bill Thompson awarding the \$16,000 Reynolds Endowment Scholarship to Henry Walters Koerner

restoration awarded an EEF scholarship for his doctoral studies... teachers at Williams Bay School and Reek Elementary receiving EEF grants to realize their dreams for laboratories for their students... and elementary students inspired to treasure the natural world around Geneva Lake in outdoor education experiences supported by EEF...

These are important ways donors to the EEF – the Environmental Education Foundation – are investing

in the future of our lake area by funding, equipping, and inspiring the environmental scientists, educators, and advocates of the future.

Sam Ahler (Badger HS, UW Madison) – Doctoral student already noted for his research on Wisconsin savannas

EEF Board Member Jill Lorenzi celebrating the \$2,600 grant award to Williams Bay teacher Amanda Anderson

Donations from the Foundation's founding family – **the Reynolds*** – coupled with the generous support of individuals and businesses means that the EEF will grant scholarships to five area high school students, four current undergraduates, and three students

Reek School student Amanda Kundert displaying hydroponically grown plant

pursuing post-graduate degrees or certification.

This year a

dozen elementary schools have increased grants for outdoor education, and – thanks to EEF grants - Williams Bay School has created GREENSPACE – an outdoor laboratory for students, and Reek Elementary students are learning about sustainability in a hydroponic laboratory.

If you have donated, we – and all these students and educators – thank you for funding the future. If not, if you share our vision for the future of our lake reflected in the bright eyes of these young scholars, please donate on our website at eefscholars.org.

The EEF is a non-profit foundation (501-C3) founded in 1980 and is an affiliate of the Geneva Lake Association.

GLA Sponsors Placement of Lake Path Signs Around Geneva Lake

With the approval of the communities around the lake, the GLA has erected a number of Lake Path signs where the walking public can see them. The Board of Directors replaced those signs. Some had deteriorated, and some were missing. Additional signs have since been requested and added. In 2023, the GLA updated the signs to better clarify the intended use of the Lake Path. Coordinates of the signs and indicated their placements on the map. The locations of the painted wood signs, mounted on steel or wood posts, is shown on the map. The signs will be replaced with those carrying the revised message.

We are all aware that the public, by tradition of well over a century, has walked completely around the lake, even though it passes over private property and are very careful not to violate the trust given them by lake owners.

We know, however, that there are abuses by a few, some of which are not permitted. The signs, strategically located on the walking path, remind us of the rules.

Lake Path signs are available to home owners or property owners who are members of GLA. Please contact the GLA office if you see a sign in need of replacement.

In 2017, the GLA revised the language on some of the GLA volunteers have recorded photos with GPS along the map above. The wording of these attractively designed signs is shown at right. Eventually all of the existing signs will

over 100 years, is allowed to walk the shore path onto private property. Most people respect the privilege of walking the shore property owners.

Sometimes because they are not aware of the implied message, we remind the public of what is allowed and what is

owner associations at cost, subject to the approval of replacement.

LAKE SHORE PATHS

The Lake Shore path on Geneva Lake has existed for more than 100 years. There seems to be no specific judicial ruling as to the status of this Lake Shore path. It is believed to consist of an easement in favor of the public, and upon this basis the following answers are offered:

Question: Where does this easement exist?

Answer: It exists only upon the location in which it has been used without change or variation for the prescriptive period of twenty years, provided by our statute, although a slight variation at a given point will not impair such rights.

Question: Does an owner of property have a right to materially alter its course or character, even if such alteration be of public benefit?

Answer: No. If, however, an owner does make such change and if the public continues in the use of the easement in its altered condition for a length of time sufficient to show acquiescence in the change, effective complaint cannot afterward be made because of the change.

Change in a structure, however, which does not impair the easement but tends to ornament it, does not constitute any violation of the right owed by the owner to the public.

Where the owner alters the location of the easement, as to its direction and grade, such as the case where he deflects it from its original course and causes it to descend a bank, possibly supplying steps or some other means, although the user of the easement is not obliged to travel upon the path as changed, he may do so, and when he does so, it is by the license or implied consent of the owner.

There seems to be no duty of an owner toward a license, beyond the avoidance of any active, willful act, structure or contrivance which might injure the license.

Question: Can an owner be held liable for one injured by a danger concealed only by the darkness of night?

Answer: No. It is, however, strongly recommended that in case of changes made by owners as to the surface, course or level of the path crossing his property, it be so supplied so that travel thereon be not more hazardous than that part of the path discontinued. Proper guard rails are suggested.

It is very dangerous to prescribe limitations on liability and to define corresponding rights as applied to any specific instance. The above statements are on the general principles involving the relative rights of the public and liabilities of owners of Lake Shore property.

The following answers to questions are based on the opinion of legal counsel:

Question: Is Geneva Lake a navigable lake?

Answer: Yes. It is so designated by Government Survey.

Question: In whom does title rest?

Answer: Title to the bed of the lake is vested in the State of Wisconsin, which holds title as trustee for the public to the end of maintaining and preserving the rights of the public in navigation thereof.

Question: What are the riparian owner's rights?

Answer: Riparian owners own their land on a navigable lake in fee simple down to low water mark. Their rights are based on their ownership and title to the banks. This ownership gives to them the exclusive privilege to the shore for the purpose of access to their land and the water. These rights include the right of using the shore for the building of piers extending into the water beyond low water mark, walls to prevent loss of soil by erosion, waves, etc.

Question: What rights and control does a riparian owner have over his private pier?

Answer: Private piers constructed and abutting on the private shore property constitute the sole and private property of the owner of the adjoining land; such owner is as free to prohibit the entrance upon such pier of unauthorized persons (except in emergency of storms, distress, etc.) as he is to deny his home to them. His dominion and control over the shore line is of the same nature, subject only to the right of navigation over the waters of the lake.

Question: May an unauthorized person moor a boat near a private pier and may he make a landing on private property?

Answer: No unauthorized person may moor a boat or a raft in front of private property in any manner that might interfere with reasonable navigation, to and from such property at any time. It is believed that the choice of an owner or his authorized friends as to the course of water ingress to or ingress from the property should rest entirely with the owner or his friends so using the property. Owner of such private property may notify any unauthorized person to remove such boat or raft, or may remove such boat or raft or cause same to be removed, in a manner not doing more harm to the boat than must necessarily result from its act of removal. Care should be exercised by the owner to avoid unreasonable action in the matter and to avoid further any manner of carrying out the removal of the boat from which malice could be inferred.

Standing Committees shall be composed of no fewer than three Members of the Association, a majority of which are Directors of the Association. A simple majority of the members of a Standing Committee shall constitute a quorum. Each Standing Committee shall operate under procedures established in the committee's charter, approved by the Executive Committee. Minutes of all Standing Committee meetings will be prepared by a member of the Standing Committee and filed with the Executive Secretary. Section 9-4 - Checks and Deposits: All checks, drafts, or other orders for the payment of money, notes, or other evidences of indebtedness, issued in the name of the Association, shall be signed by such Officer or Officers, agent or agents of the Association and in such manner as shall from time to time be determined by resolutions of the Board. In absence of such determination by the Board, such instruments shall be signed by the Treasurer and countersigned by the President, Vice President or Executive Secretary of the Association.

Section 9-5 - Contracts: The Board may authorize any Officer or Officers, agent or agents, to enter into any contract or execute or deliver any instrument in the name of and on behalf of the Association, and such authorization may be general or confined to specific instances.

The Board shall review the allocation of the investments each year as a part of the annual budgeting process.

ARTICLE X INDEMNIFICATION and LIABILITY

Article 10-1 - Indemnification: To the fullest extent permitted or required by law, including but not limited to Wisconsin Statutes Sections 181.0871 through 181.0889 (and any subsequent amendments thereto), the Association shall indemnify its Directors and Officers against any and all Liabilities, damages, costs and Expenses and shall advance, as incurred, any and all reasonable Expenses, incurred in any Proceeding to which any such Director or Officer is a party because he or she is a Director or Officer of the Association, or because he or she is responsible for the operation of the Association or any part thereof. The rights granted herein shall not be deemed exclusive of any other rights to indemnification against Liabilities, damages, costs, and Expenses, or the advancement of Expenses to which a Director or Officer may be entitled under any written agreement, Board resolution, statute or otherwise. Further, all such rights shall continue as to any person who has ceased to be a Director or Officer, and shall inure to the benefit of the heirs, executors, administrators and assigns of such person.

Article 10-2 - Liability: Upon receipt of a request for indemnification against Liabilities and Expenses and/or advancement of Expenses pursuant to this provision, a prompt determination shall be made by a disinterested quorum of the Board, if available, or by such other means recognized by law, to determine the requesting Party's right to indemnification or advancement. If no such determination is made within thirty (30) days from the date of the request, it shall be conclusively presumed for all purposes that the requesting Party has rights to indemnification and for advancement unless, by proper resolution of the Board, said thirty (30) day deadline is extended. The Association may, but shall not be obligated to, supplement the foregoing rights to indemnification against Liability and Expenses, and/or advancement of Expenses by purchasing insurance on behalf of any one or more Directors or Officers, regardless of whether the Association shall be obligated to indemnify against Liability or advance Expenses to the Director or Officer covered by said insurance.

Any such assets not so disposed of shall be disposed of by the Circuit Court of the county in which the principal office of the corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE XIII AMENDMENTS

Section 13-1 Amendments: The power to alter, amend or repeal the By-Laws of the Association, or adopt new By-Laws shall be vested in the Board unless otherwise provided in the Articles of Incorporation.
