What is the GLA?

Mission:

Since 1935, the Geneva Lake Association (GLA) has served as guardian of Geneva Lake and its surrounding area. GLA advances its mission of conservation, preservation, environmental integrity and general welfare of Geneva Lake with timely and issue-centered communications and education through a wide membership base of area residents and local businesses. See page 69 for the GLA By-Laws.

GLA services and benefits include:

- The attentive oversight and monitoring of Geneva lake area issues and concerns through the GLA Executive Secretary and its 27 member Board of Directors;
- The annual publication of the GLA Directory of residents and pier numbers distributed to nearly 600 member families and businesses;
- The annual updating of the GLA established pier numbering system as a cross reference guide (pier numbers to street address) to enhance lake safety and for emergency use by the Water Safety Patrol, police, ambulance, and fire departments around the lake;
- Periodic distribution to members and friends of the GLA produced newsletter, the Geneva Lake Guardian.

Background:

During its 84 year history, the GLA has grown to a broad membership of residents and businesses representing every village, association, inlet, bay and shore path around Geneva Lake. Residents on the lake and off the lake look to the GLA as the lake-wide organization in place to be attentive and pro-active with an emphasis on communications and education.

The size of the lake area and the wide, varied interests of its growing population require that the GLA Board include 27 Directors from all corners of the lake. This group, plus several retired (honorary) Directors, the GLA officers and its Executive Secretary form the governing structure of the GLA.

The GLA's foundation is its membership base. It is the only organization of its kind around the lake with dues-paying members as its financial support. All contributions are tax deductible as the GLA is a 501(c)(3) tax exempt organization under IRS and State regulations. While it is virtually a volunteer run group, the GLA carries out its responsibilities with a paid part-time Executive Secretary working within an operating budget to provide services and benefits to a growing membership of nearly 600 families and businesses.

The GLA will continue to serve and support the interests of the wider Geneva Lake community through coordinated relationships with other lake-serving groups whose missions are compatible, such as the Geneva Lake Water Safety Patrol, the Geneva Lake Environmental Agency, the Kishwaukee Nature Conservancy, the Geneva Lake Conservancy, the Geneva Lake Level Corporation, and the GLA affiliated Environmental Education Foundation.

What has it done for me lately?

The following are a few good examples of GLA participation through communication and education in events of significant importance to Geneva Lake over the years:

- Taking the lead in preventing commercial use of the lake shore path;
- Revising and codifying the rules and signage for the lake shore path among selected property owners and, in the future, the municipalities;
- Securing funding for a Fire Boat for Linn Township to provide additional support to all area Fire Departments;
- Supporting the efforts of the Geneva Lake Level Corporation to maintain the lake's water level;

- Early attention to forming a close relationship with the DNR in Madison to gain critical support in stocking populations of a wide variety of fish in our lake on a regular basis;
- Helping to prevent the Northwestern Military Academy property from becoming a dense multi-family development with hundreds of units.
- Aggressive lake community response to the emergency need for rebuilding the Lake Geneva City Dam controlling the water level of the entire lake;
- Participating in the successful lake-wide initiative to stop the serious development effort of turning the Yerkes Observatory property into a large scale lake front hotel/ spa complex with potential devastating environmental and land/lake conservation damage resulting;
- Ongoing over 39-year affiliation with its sister organization, the Environmental Education Foundation, as it provides scholarships and grants to lake area students for environmental-centered studies and experiences.

Annual Meeting:

GLA ANNUAL MEETING Minutes

Saturday, August 4, 2018

Lake Geneva Country Club

Lake Geneva, Wisconsin

9:30 a.m.

WELCOME –President Goggin called the meeting to order at 9:33 a.m. and thanked the attendees for their support. He welcomed invited speakers, members, and guests. Goggin reminded the membership of the Mission of the GLA, and noted that the function of the GLA is not to file lawsuits as some would have us do regarding the Symphony Bay project. As an association the GLA does not have ‘standing’ to file, but can assist individual property owners as we did in the Muck Suck lake path race last summer.

MINUTES FROM THE ANNUAL MEETING, JULY 29, 2017 –A motion to approve the minutes was passed (Gardiner/Duncan).

TREASURER’S REPORT – Executive Secretary Smith reported another successful year. Membership support remains constant through the past several years. GLA has over 500 family members each year plus 60 or more commercial members who advertise in our annual Directory. GLA is able to provide support to several local organizations who petition us for grants and who do good works for our lakes area. These include the Water Safety Patrol, the Environmental Education Foundation, the Geneva Lake Environmental Agency, and several others.

NOMINATING COMMITTEE REPORTS –Nominating Committee Chairman Gee nominated the following, which were approved (Otzen/Gardiner):

EEF Directors for three-year terms ending in 2021: Jim Gee (2nd term), Colin Griffith (1st term), Melita Grunow (1st term), Carl Rathmann (2nd term), Bill Thompson (1st term).

GLA Directors with three-year terms to expire in 2021: Thomas Stuhley, Sally Jouris, Robert Klockars, James Gee, Mark Lillie, Frank Voris, Thomas Gardiner, David B. Williams, Patrick Kenny. Approved (Gee/Goggin).

Retiring EEF board members Doris Frentress and Don Phillip were thanked for their dedicated service. Gee announced EEF Officers as Carl Rathmann, President; William Duncan, Vice President; Mike Hinske, Vice President; and James Smith, Secretary/Treasurer as elected by the EEF Board.

At the following meeting of the GLA Board of Directors, Gee will nominate the following officers: Jack Goggin, President; Mark Lillie, Vice President; Robin Randolph, Treasurer; Sally

ENVIRONMENTAL EDUCATION FOUNDATION, Mission

The mission of the EEF is to award educational scholarships and grants to area students and schools for environmental-centered studies and to promote environmental awareness to all ages of the Geneva Lake area.

See page 63 for the EEF By-Laws.

The Environmental Education Foundation (EEF) was founded in 1980 as an affiliate of the Geneva Lake Association. Mr. Thomas E. Reynolds, Sr. and Mr. Fillmore W. Galaty, both past presidents of the Geneva Lake Association, recognized an opportunity to promote environmental education by offering scholarships and environmental experiences to Geneva Lake area youth. Their dedication to area youth and environmental awareness led to the formation of the Environmental Education Foundation. The EEF is an independent, tax exempt 501(c)(3) affiliate of the Geneva Lake Association.

During its 39-year history, the EEF has awarded over \$500,000 in college scholarships, and camping and outdoor education awards to more than 500 area students, from 5th grade through graduate school.

Nearly \$45,000 is awarded annually to students in a variety of age groups and educational levels. Included in this amount is the Environmental Education Foundation Thomas E. Reynolds (TER) Endowment Fund, which annually contributes \$12,000 in the form of a four-year scholarship to a qualified local graduating senior interested in pursuing a degree in the environmental science field.

Past scholarship recipients include students from Badger High School, Big Foot High School, Williams Bay High School, and Faith Christian High School. Funding for environmental activities such as Outdoor Education grants are awarded to local elementary and middle school students.

Beginning in 2019, the EEF has launched an effort to fund local environmental research and educational studies pertaining to the Geneva Lake area. One such study is of the creek flowing into Geneva Lake at Buttons Bay. High school students will do the research under the auspices of the Geneva Lake Environmental Agency. EEF is also funding the first phase of the Lakeshore Environmental and Night Sky Sensor project (LENSS) guided by Geneva Lake Astrophysics and STEAM (GLAS) Education, Inc.

Applying for Scholarships or Grants

The EEF maintains an informative website at www.eefscholars.org. The website includes descriptions of the scholarships that are available, as well as downloadable and online application forms.

Donors Welcome

Contributions to the Environmental Education Foundation, Inc. are deductible for income tax purposes, and donations may also be made via the Foundation's website.

GLA members meet local EEF scholars

A number of local scholars benefited by the Environmental Education Foundation (EEF) to thank the GLA and their members for their support at the August, 2018 GLA meeting. "Our goal is to make a positive difference in the environment and in these promising students' lives," said newly elected EEF President Carl Rathmann.

Founded 38 years ago by Thomas E. Reynolds, a Geneva Lake Association (GLA)

president, the EEF has made more than a half million dollars in scholarship awards and school grants to benefit local students, with the support of donations from generous local people and community organizations, including the GLA.

Nearly \$45,000 in scholarships and grants were awarded in 2018 and will be awarded in 2019 thanks to the support of the donors on these pages.

The EEF appreciates the donors supporting the EEF scholarships and awards in 2018 and 2019, which include these donors (as of April 18, 2019)

GLA Sponsors Placement of Signs Around Geneva Lake

With the approval of the communities around the lake, the GLA has erected a number of Lake Path signs where the walking public can see them. The Board of Directors replaced those signs. Some had deteriorated, and some were missing. Additional signs have since been requested and added. In 2023, the GLA updated the signs to better clarify the intended use of the Lake Path. Coordinates of the signs and indicated their placements on the map. The locations of the painted wood signs, mounted on steel or wood posts, is shown on the map. The signs will be replaced with those carrying the revised message.

We are all aware that the public, by tradition of well over a century, has walked completely around the lake, even though it passes over private property and are very careful not to violate the trust given them by lake owners.

We know, however, that there are abuses by a few, some of which are against the rules. The signs, strategically located on the walking path, remind the public of the rules not permitted.

Lake Path signs are available to home owners or property owners who are members of GLA.

GLA volunteers have recorded photos with GPS along the path on the map above. The wording of these attractively designed signs is shown at right. Eventually all of the existing signs will

LAKE SHORE PATHS

The Lake Shore path on Geneva Lake has existed for more than 100 years. There seems to be no specific judicial ruling as to the status of this Lake Shore path. It is believed to consist of an easement in favor of the public, and upon this basis the following answers are offered:

Question: Where does this easement exist?

Answer: It exists only upon the location in which it has been used without change or variation for the prescriptive period of twenty years, provided by our statute, although a slight variation at a given point will not impair such rights.

Question: Does an owner of property have a right to materially alter its course or character, even if such alteration be of public benefit?

Answer: No. If, however, an owner does make such change and if the public continues in the use of the easement in its altered condition for a length of time sufficient to show acquiescence in the change, effective complaint cannot afterward be made because of the change.

Change in a structure, however, which does not impair the easement but tends to ornament it, does not constitute any violation of the right owed by the owner to the public.

Where the owner alters the location of the easement, as to its direction and grade, such as the case where he deflects it from its original course and causes it to descend a bank, possibly supplying steps or some other means, although the user of the easement is not obliged to travel upon the path as changed, he may do so, and when he does so, it is by the license or implied consent of the owner.

There seems to be no duty of an owner toward a license, beyond the avoidance of any active, willful act, structure or contrivance which might injure the license.

Question: Can an owner be held liable for one injured by a danger concealed only by the darkness of night?

Answer: No. It is, however, strongly recommended that in case of changes made by owners as to the surface, course or level of the path crossing his property, it be so supplied so that travel thereon be not more hazardous than that part of the path discontinued. Proper guard rails are suggested.

It is very dangerous to prescribe limitations on liability and to define corresponding rights as applied to any specific instance. The above statements are on the general principles involving the relative rights of the public and liabilities of owners of Lake Shore property.

QUESTIONS AND ANSWERS—RIPARIAN RIGHTS, ETC.

The following answers to questions are based on the opinion of legal counsel:

Question: Is Geneva Lake a navigable lake?

Answer: Yes. It is so designated by Government Survey.

Question: In whom does title rest?

Answer: Title to the bed of the lake is vested in the State of Wisconsin, which holds title as trustee for the public to the end of maintaining and preserving the rights of the public in navigation thereof.

Question: What are the riparian owner's rights?

Answer: Riparian owners own their land on a navigable lake in fee simple down to low water mark. Their rights are based on their ownership and title to the banks. This ownership gives to them the exclusive privilege to the shore for the purpose of access to their land and the water. These rights include the right of using the shore for the building of piers extending into the water beyond low water mark, walls to prevent loss of soil by erosion, waves, etc.

Question: What rights and control does a riparian owner have over his private pier?

Answer: Private piers constructed and abutting on the private shore property constitute the sole and private property of the owner of the adjoining land; such owner is as free to prohibit the entrance upon such pier of unauthorized persons (except in emergency of storms, distress, etc.) as he is to deny his home to them. His dominion and control over the shore line is of the same nature, subject only to the right of navigation over the waters of the lake.

Question: May an unauthorized person moor a boat near a private pier and may he make a landing on private property?

Answer: No unauthorized person may moor a boat or a raft in front of private property in any manner that might interfere with reasonable navigation, to and from such property at any time. It is believed that the choice of an owner or his authorized friends as to the course of water ingress to or ingress from the property should rest entirely with the owner or his friends so using the property. Owner of such private property may notify any unauthorized person to remove such boat or raft, or may remove such boat or raft or cause same to be removed, in a manner not doing more harm to the boat than must necessarily result from its act of removal. Care should be exercised by the owner to avoid unreasonable action in the matter and to avoid further any manner of carrying out the removal of the boat from which malice could be inferred.

GLA Annual Meeting Minutes (continued from page 5)

Jouris, Secretary; and James Smith, Executive Secretary.

EEF SCHOLARSHIP/GRANT PRESENTATIONS – EEF President Carl Rathmann announced that thanks to the generosity of the community along with a grant from the GLA, the EEF was able to award just under \$45,000 in scholarships to a wide range of scholars to study environmental disciplines including graduating high school seniors, undergrads, and post grads including one finishing a PhD degree. We also awarded 12 Outdoor Education grants to twelve elementary schools in our area.

Tom Reynolds introduced the Thomas E. Reynolds Endowment Scholars, each of whom receives a \$12,000 scholarship over four years. The endowment from the Reynolds family in 1980 fully funds the awards:

Danielle Wrzesinski (freshman at Iowa State from Big Foot)
Makalyn Peterson (sophomore at UW-Platteville from Big Foot)
Casey Burmeister (junior at Geo. Wms. College from Badger)
Molly Cocroft (senior at UW-Stevens Point from Badger)

Additional scholars present were:

Natasha Trush (High School Senior Scholarship, UW-Stevens Point, Wms Bay)
Rebecca White (High School Senior Scholarship, St. Olaf College, Badger)
Brooke Berryman (Undergrad Scholarship, UW-Stevens Point, Big Foot)
Joshua Kundert (Undergrad Scholarship, Carthage College, Badger)
Hayden King (Cashman Graduate Scholarship, UI-Edwardsville)

PROGRAM SPEAKERS:

Dianna Colman spoke on behalf of the Yerkes Future Foundation (YFF) Committee and answered a number of questions from members and guests. The Foundation was formed in mid-April upon hearing the Univ. of Chicago planned to cease operations at Yerkes in October and that they would accept proposals from groups. YFF understood that UC desired to monetize part of the property. Upon its formation, YFF received tremendous support from scientists, astronomers, observatory managers and many others both near and far as well as support from local and state legislators.

On July 7, YFF presented a proposal to UC consisting of its vision for the property and asked for a response by July 23. YFF signed a non-disclosure agreement, so YFF could not and cannot disclose the details of its proposal. Letters of support attesting to the character of the members of YFF and the value of having the observatory preserved were sent to UC from a variety of influential people, nationally as well as from Representative Amy Loudenbeck. The YFF had to maintain an arms-length with local supporters, especially the Village of Williams Bay trustees. Colman described the meeting with UC as 'lengthy, detailed, difficult, but ongoing.'

At this time YFF does not know if other proposals have been made to UC, and does not know where the YFF proposal stands with UC. UC's decision-making group is very large and layered. After responding to many questions, Colman was applauded enthusiastically.

Representative Tyler August thanked the WSP and the Geneva Lake Law Enforcement Agency for testifying on behalf of keeping the requirement of a spotter for skiers and like activities on Geneva Lake. Pankau and Officer Hausner were instrumental in convincing legislators of the importance of this requirement on Geneva Lake and other lakes where regular government patrolling takes place.

Representative Amy Loudenbeck reported that Geneva Lake is also allowed to keep local ordinances restricting the areas where jet ski hydro-planing can occur. Loudenbeck continues to fight for the right of Geneva Lake and others to manage their own business.

Loudenbeck continues to support employer/employee training opportunities via the six-year-old Wis. Fast Forward Program to help with skilled labor shortages in the state. The state is also using marketing to get talented past Wis. grads to return home to work in Wisconsin. In addition, Loudonbeck has sponsored legislation to provide training funds in high schools for EMT and fire-fighting training.

Senator Stephen Nass congratulated the scholars and noted that a state tuition freeze has saved students over \$6,300 in increased educational costs. Property taxes have been held in check except where increased via local referendums. Nass praised republican legislators for increasing the rainy-day fund, providing more money for local roads and K-12 education. Loss of the senate to democrats will negate many positive republican advances, including the state uniformity clause which would hurt farmers. Republicans plan to hold the line on tax issues and provide funding for state roads.

AFFILIATED ASSOCIATION REPORTS

Geneva Lake Water Safety Patrol – Ted Pankau and Brigid Cashman spoke on issues affecting the WSP. The new state law rescinding the requirement to have a spotter for skiers, etc. will not affect the rule on Geneva Lake which retains the requirement via local ordinance allowed by the state.

Swimming lessons are very important, as many of the WSP rescues in recent years involve poor or non-swimmers. WSP provides extensive courses at very low prices, and adult courses are also available.

Members expressed concern over noise on the lake with music, jet skis and general engine noise. Pankau explained that enforcement by the Geneva Lake Law Enforcement Agency has difficulty measuring violations suitably for prosecution.

WSP remains as an educational entity, informing boaters of the law, but not as enforcement.

Kishwaukee Nature Conservancy – President Harold Friestad touted two new programs at the conservancy, including a children's tree nursery which involves over 500 students. Children are planting trees and seedlings for future use on various areas of the property. An educational program has started for 2-7 year-olds which is twice a week and free. Adult programs also exist. The conservancy operates completely on donated funds, and no government funds are given to the project. Friestad thanked all donors and volunteers and for the financial support from the GLA.

Geneva Lake Conservancy – Chairman Dennis Jordan reports great progress in preserving a number of properties, including: Hanson Preserve in Sugar Creek, a 77-acre area which is open to the public for hiking, fishing, etc.; Children's Fishing Park next to Kishwaukee in Williams Bay, which has fishing areas, walking paths, and small buildings for classes and story-telling; Oak Forest in Lake Delavan which protects oaks. The GLC Oak Recovery program which hopes to increase Oak trees back to their prevalence.

GLC is busy creating awareness of the invasive plant Lessor Celantine. GLC can help if you find it on or near your property. The GLC is also teamed up with Geneva Lake Environmental Agency to educate area residents and farmers of the detrimental effects of phosphorus runoff and to reduce the levels entering Geneva Lake.

GLC has received certified status as a Land Trust from the Land Trust Accreditation Commission and is part of the Land Trust Alliance.

Geneva Lake Environmental Agency – Director Ted Peters thanked the GLA for its financial support enabling the agency to hire enthusiastic summer interns, which this year is past GLA scholar Valerie Jackson. The GLEA will conduct a near-shore fishery inventory to study

(Meeting Minutes continue on page 62.)

GLA Annual Meeting Minutes (continued from page 61)

changes which seem to be detrimental the fish habitat. The study will be designed so it can be compared to past studies (1978 and 2004). Results will be available in October.

The agency has been publishing in the LG Regional News the levels of e-coli in municipal beach areas. Levels remain good in all but one area.

GLEA will be working with GLC to study chlorides entering the lake.

This year has been tough for the lake, starting with the heavy rains in June which were unable to be absorbed by the ground and thus made their way with all the ground pollutants into the lake. The lake has not fully recovered yet.

GLEA hopes to do a study of the 'red water' entering the lake near Buttons Bay Beach and what may also be included in the run-off that diminishes the oxygen in these waters. This study will need more finding and preparation and may be a long-term study. Peters asked all homeowners in the watershed area to test the soil on their properties to see what best practices for fertilization can be used for the benefit of the lake. The University of Wisconsin does testing at reasonable prices.

Real Estate Market Trends –Bob Rauland, from Rauland Realty, highlighted real estate market trends especially those related to lakefront and lake access houses. Bob provided a hand out with current statistics and maps of Walworth County lakes. The handout, produced with help from Realtor Bob Webster, was available in the room, and copies are available from the Rauland office. The handout shows many examples of per foot lakefront values, starting in 1956 at \$156 per foot, to 1985 at \$2500, to 2018 at \$25,000 per foot and even more depending on the structures on the property. The highest price for a residence on the lake was recently paid at \$11 million plus. Area properties under \$300,000 are selling 'off the shelf.' High-priced lakefront properties might spend 200 days on the market.

Town of Linn Fire Department – Assistant Chief Dan Pitt reported that the Linn Fire Boat was moved to Robinson Hillside to enable faster access from the Linn Fire House. Training for all lake area departments has been successful and improvements to the boats sonar capabilities are outstanding. The boat now works as part of the Walworth County Sheriff's Department and is in radio communication with Water Safety Patrol units. A police department drone has been used successfully to complement the capabilities of the boat.

Geneva Lake Museum – Jim Gee reported a vibrant Geneva Lake Museum currently implementing all 20,000 square feet in superb exhibits, especially the Northwestern Military Academy exhibit which provided emotional responses at its unveiling. Membership has grown from 100 to 800 members in six years, and the museum expects to grow its endowment to \$250,000 within two years. Ed Schwinn is president. Gee thanked the city of Lake Geneva for use of its rent-free facility.

President Goggin adjourned the meeting at 11:16 a.m.

Respectfully submitted,
James A. Smith
Executive Secretary

The rights granted herein shall not be deemed exclusive of any other rights to indemnification against Liabilities, damages, costs, and Expenses, or the advancement of Expenses to which a Director or Officer may be entitled under any written agreement, Board resolution, statute or otherwise. Further, all such rights shall continue as to any person who has ceased to be a Director or Officer, and shall inure to the benefit of the heirs, executors, administrators and assigns of such person.

Article 10-2 - Liability: Upon receipt of a request for indemnification against Liabilities and Expenses and/or advancement of Expenses pursuant to this provision, a prompt determination shall be made by a disinterested quorum of the Board, if available, or by such other means recognized by law, to determine the requesting Party's right to indemnification or advancement. If no such determination is made within thirty (30) days from the date of the request, it shall be conclusively presumed for all purposes that the requesting Party has rights to indemnification and for advancement unless, by proper resolution of the Board, said thirty (30) day deadline is extended. The Association may, but shall not be obligated to, supplement the foregoing rights to indemnification against Liability and Expenses, and/or advancement of Expenses by purchasing insurance on behalf of any one or more Directors or Officers, regardless of whether the Association shall be obligated to indemnify against Liability or advance Expenses to the Director or Officer covered by said insurance.
