What is the GLA?

Mission:

Since 1935, the Geneva Lake Association (GLA) has served as guardian of Geneva Lake and its surrounding area. GLA advances its mission of conservation, preservation, environmental integrity and general welfare of Geneva Lake with timely and issue-centered communications and education through a wide membership base of area residents and local businesses. See page 65 for the GLA By-Laws.

GLA services and benefits include:

- The attentive oversight and monitoring of Geneva lake area issues and concerns through the GLA Executive Secretary and its 27 member Board of Directors;
- The annual publication of the GLA Directory of residents and pier numbers distributed to nearly 600 member families and businesses;
- The annual updating of the GLA established pier numbering system as a cross reference guide (pier numbers to street address) to enhance lake safety and for emergency use by the Water Safety Patrol, police, ambulance, and fire departments around the lake;
- Periodic distribution to members and friends of the GLA produced newsletter, the *Geneva Lake Guardian*.

Background:

During its 83 year history, the GLA has grown to a broad membership of residents and businesses representing every village, association, inlet, bay and shore path around Geneva Lake. Residents on the lake and off the lake look to the GLA as the lake-wide organization in place to be attentive and pro-active with an emphasis on communications and education.

The size of the lake area and the wide, varied interests of its growing population require that the GLA Board include 27 Directors from all corners of the lake. This group, plus several retired (honorary) Directors, the GLA officers and its Executive Secretary form the governing structure of the GLA.

The GLA's foundation is its membership base. It is the

GLA reviews shore path rules, signage

A plan for consistency

In an effort to maintain the historical nature and purpose of the Geneva Lake Shore Path, the Geneva Lake Association has embarked on a multi-part program to codify the rules pertaining to the path and to better inform users of their special privilege and obligations in using the path.

The program is premised on the sometimes overlooked fact that the path traverses private property except for the areas owned by the five municipalities that border the lake. These include the City of Lake Geneva, the Village of Fontana on Geneva Lake, the Village of Williams Bay, the Town of Linn, and the Town of Walworth.

An integral part of the GLA initiative was to get full Board approval of the rules that should pertain to the use of the path, along with the approval of several lake front property owners. The resulting rules are similar to the rules that have been displayed for decades on the 23 or more signs that the GLA has maintained around the lake, most recently revised and replaced in 2013. A major addition is the prohibition of commercial events.

A second part of the GLA initiative is to ask all of the municipalities to adopt the rules so that understanding of the rules is universal and enforcement is more easily effected. Currently, various municipalities address some of the issues, but there is no consistency. For instance,

President Jack Goggin (center) and board members John Larson and Don Taylor placed eight new signs on the Geneva Lake Shore Path where the public gains access to the path.

To: Geneva Lake Assc. Membership

Subject: GLA Opposes Lake Path Run

Dear Geneva Lake Association Members:

When you entrusted us with your email address we promised not to stuff your inbox with unnecessary messages. The following letter was penned today by GLA President Goggin to be printed in the Lake Geneva Regional News. It is in opposition to the scheduled May 28 Muck Suck event, an event which has already been approved by the Lake Geneva City Council. The letter has also been distributed to the officials of the municipalities around Geneva Lake. We thought you should be informed.

"It is rare when a local event causes consternation among our members and the communities from which we come, but the upcoming race on the Lake Shore Path has done just that. The Executive Committee of the Geneva Lake Association has unanimously voted and strongly disagrees with this race going forward through the various lake front communities from which our membership comes.

For well over one hundred years the Lake Shore Path has crossed the private property...

only organization of its kind around the lake with dues-paying members as its financial support. All contributions are tax deductible as the GLA is a 501(c)(3) tax exempt organization under IRS and State regulations. While it is virtually a volunteer run group, the GLA carries out its responsibilities with a paid part-time Executive Secretary working within an operating budget to provide services and benefits to a growing membership of nearly 600 families and businesses.

The GLA will continue to serve and support the interests of the wider Geneva Lake community through coordinated relationships with other lake-serving groups whose missions are compatible, such as the Geneva Lake Water Safety Patrol, the Geneva Lake Environmental Agency, the Kishwaukee Nature Conservancy, the Geneva Lake Conservancy, the Geneva Lake Level Corporation, and the GLA affiliated Environmental Education Foundation.

What has it done for me lately?

The following are a few good examples of GLA participation through communication and education in events of significant importance to Geneva Lake over the years:

- Taking the lead in preventing commercial use of the lake shore path;
- Revising and codifying the rules and signage for the lake shore path among selected property owners and, in the future, the municipalities;
- Securing funding for a Fire Boat for Linn Township to provide additional support to all area Fire Departments;
- Supporting the efforts of the Geneva Lake Level Corporation to maintain the lake's water level;
- Early attention to forming a close relationship with the DNR in Madison to gain critical support in stocking populations of a wide variety of fish in our lake on a regular basis;
- Helping to prevent the Northwestern Military Academy property from becoming a dense multi-family development with hundreds of units.
- Aggressive lake community response to the emergency need for rebuilding the Lake Geneva City Dam controlling the water level of the entire lake;
- Participating in the successful lake-wide initiative to stop the serious development effort of turning the Yerkes Observatory property into a large scale lake front hotel/spa complex with potential devastating environmental and land/lake conservation damage resulting;
- Ongoing over 35-year affiliation with its sister organization, the Environmental Education Foundation, as it provides scholarships and grants to lake area students for environmental-centered studies and experiences.

LAKE SHORE PATHS

The Lake Shore path on Geneva Lake has existed for more than 100 years. There seems to be no specific judicial ruling as to the status of this Lake Shore path. It is believed to consist of an easement in favor of the public, and upon this basis the following answers are offered:

Question: Where does this easement exist?

Answer: It exists only upon the location in which it has been used without change or variation for the prescriptive period of twenty years, provided by our statute, although a slight variation at a given point will not impair such rights.

Question: Does an owner of property have a right to materially alter its course or character, even if such alteration be of public benefit?

Answer: No. If, however, an owner does make such change and if the public continues in the use of the easement in its altered condition for a length of time sufficient to show acquiescence in the change, effective complaint cannot afterward be made because of the change.

Change in a structure, however, which does not impair the easement but tends to ornament it, does not constitute any violation of the right owed by the owner to the public.

Where the owner alters the location of the easement, as to its direction and grade, such as the case where he deflects it from its original course and causes it to descend a bank, possibly supplying steps or some other means, although the user of the easement is not obliged to travel upon the path as changed, he may do so, and when he does so, it is by the license or implied consent of the owner.

There seems to be no duty of an owner toward a license, beyond the avoidance of any active, willful act, structure or contrivance which might injure the license.

Question: Can an owner be held liable for one injured by a danger concealed only by the darkness of night?

Answer: No. It is, however, strongly recommended that in case of changes made by owners as to the surface, course or level of the path crossing his property, it be so supplied so that travel thereon be not more hazardous than that part of the path discontinued. Proper guard rails are suggested.

It is very dangerous to prescribe limitations on liability and to define corresponding rights as applied to any specific instance. The above statements are on the general principles involving the relative rights of the public and liabilities of owners of Lake Shore property.

QUESTIONS AND ANSWERS—RIPARIAN RIGHTS, ETC.

The following answers to questions are based on the opinion of legal counsel:

Question: Is Geneva Lake a navigable lake?

Answer: Yes. It is so designated by Government Survey.

Question: In whom does title rest?

Answer: Title to the bed of the lake is vested in the State of Wisconsin, which holds title as trustee for the public to the end of maintaining and preserving the rights of the public in navigation thereof.

Question: What are the riparian owner's rights?

Answer: Riparian owners own their land on a navigable lake in fee simple down to low water mark. Their rights are based on their ownership and title to the banks. This ownership gives to them the exclusive privilege to the shore for the purpose of access to their land and the water. These rights include the right of using the shore for the building of piers extending into the water beyond low water mark, walls to prevent loss of soil by erosion, waves, etc.

Question: What rights and control does a riparian owner have over his private pier?

Answer: Private piers constructed and abutting on the private shore property constitute the sole and private property of the owner of the adjoining land; such owner is as free to prohibit the entrance upon such pier of unauthorized persons (except in emergency of storms, distress, etc.) as he is to deny his home to them. His dominion and control over the shore line is of the same nature, subject only to the right of navigation over the waters of the lake.

Question: May an unauthorized person moor a boat near a private pier and may he make a landing on private property?

Answer: No unauthorized person may moor a boat or a raft in front of private property in any manner that might interfere with reasonable navigation, to and from such property at any time. It is believed that the choice of an owner or his authorized friends as to the course of water ingress to or ingress from the property should rest entirely with the owner or his friends so using the property. Owner of such private property may notify any unauthorized person to remove such boat or raft, or may remove such boat or raft or cause same to be removed, in a manner not doing more harm to the boat than must necessarily result from its act of removal. Care should be exercised by the owner to avoid unreasonable action in the matter and to avoid further any manner of carrying out the removal of the boat from which malice could be inferred.

GLA Sponsors Placement Around Geneva Lake

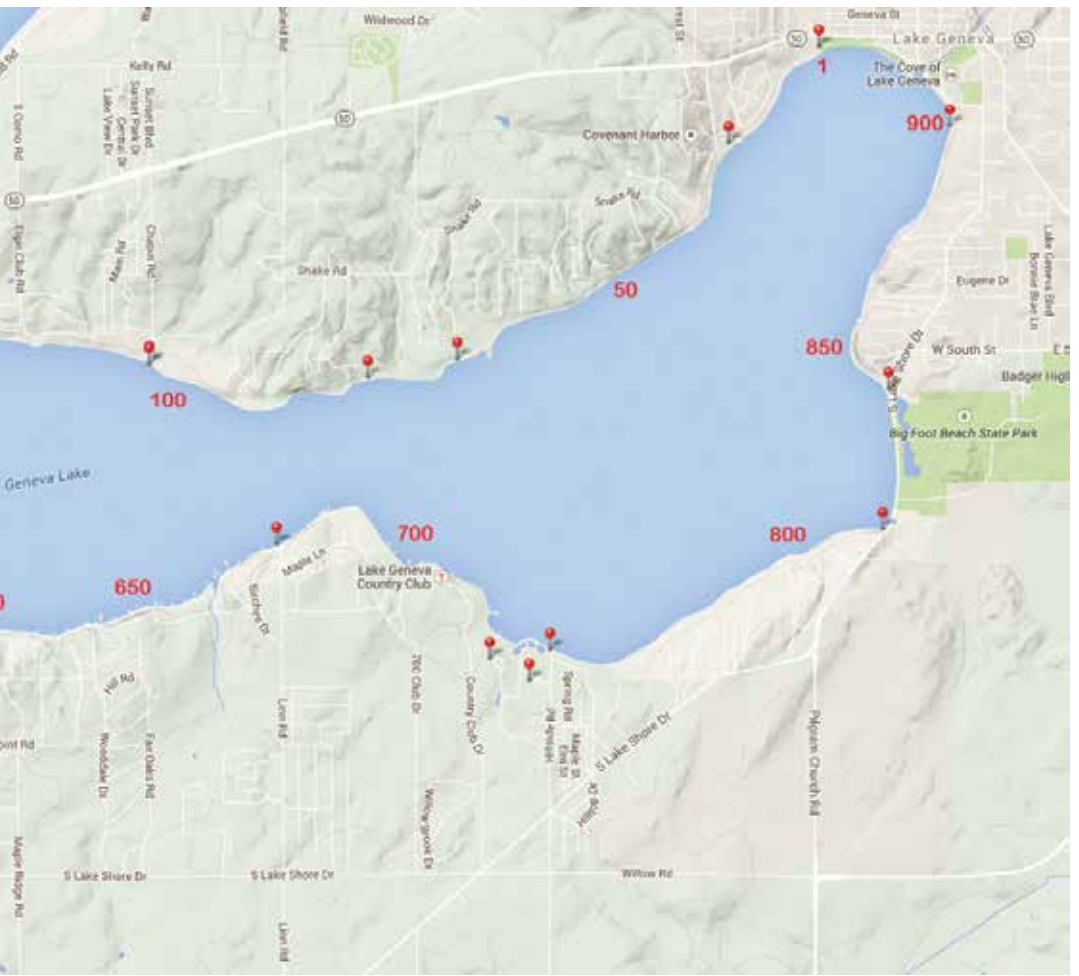

With the approval of the communities around the lake, the GLA has erected a number of Lake Path signs where the walking public can see them. The Board of Directors replaced those signs. Some had deteriorated, and some were missing. Additional signs have since been requested and added. In 2023, the Board updated the signs to better clarify the intended use of the Lake Path. Coordinates of the signs and indicated their placements on the map. The map shows the painted wood signs, mounted on steel or wood posts, is shown.

We are all aware that the public, by tradition of well over a century, has walked completely around the lake, even though it passes over private property. We are very careful not to violate the trust given them by lake owners.

We know, however, that there are abuses by a few, some of which are not permitted. The signs, strategically located on the walking path, remind them of the rules. The signs, strategically located on the walking path, remind them of the rules. The signs, strategically located on the walking path, remind them of the rules.

Lake Path signs are available to home owners or property owners who are members of GLA.

of Lake Path Signs ake Shore

the Geneva Lake Association several years ago enters onto private land. In 2013, the GLA Board and improvements were made to the message. In 2017, the GLA revised the language on some of the signs. GLA volunteers have recorded photos with GPS along the path shown on the map above. The wording of these attractively designed signs is shown at right.

The shore path, over 100 years old, is allowed to walk the shore path along private property. Most people respect the privilege granted by the shore property owners.

Signs are placed at times because they are not aware of the implied rules. Signs remind the public of what is allowed and what is not.

Signs are placed at owner associations at cost, subject to the approval of the association.

ENVIRONMENTAL EDUCATION FOUNDATION, Mission

The mission of the EEF is to award educational scholarships and grants to area students and schools for environmental-centered studies and to promote environmental awareness to all ages of the Geneva Lake area.

The Environmental Education Foundation (EEF) was founded in 1980 as an affiliate of the Geneva Lake Association. Mr. Thomas E. Reynolds, Sr. and Mr. Fillmore W. Galaty, both past presidents of the Geneva Lake Association, recognized an opportunity to promote environmental education by offering scholarships and environmental experiences to Geneva Lake area youth. Their dedication to area youth and environmental awareness led to the formation of the Environmental Education Foundation. The EEF is an independent, tax exempt 501(c)(3) affiliate of the Geneva Lake Association.

During its 38-year history, the EEF has awarded approximately \$500,000 in college scholarships, camping and outdoor education awards to more than 500 area youth, from 5th grade through graduate school. A new \$2500 annual scholarship for local students attending George Williams College has recently been added as well as a Geneva Lake Dark Sky internship at Yerkes Observatory.

Close to \$45,000 is currently awarded per year to students in a variety of age groups and educational levels. Included in this amount is the Environmental Education Foundation Thomas E. Reynolds (TER) Endowment Fund, which annually contributes \$12,000 in the form of a four-year scholarship to a qualified local graduating senior interested in pursuing a degree in the environmental science field.

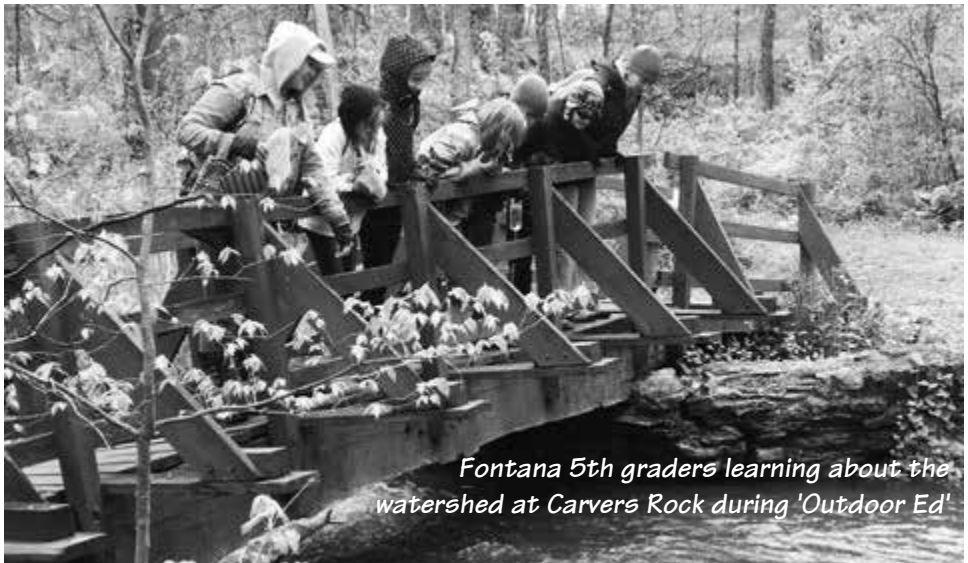

Past college scholarship recipients include students from Badger High School, Big Foot High School, Williams Bay High School, and Faith Christian High School. Funding for environmental activities such as Outdoor Education grants and Nature Adventure Camp scholarships are awarded to local elementary and middle school students.

Applying for Scholarships or Grants

The EEF maintains an informative website at www.eefscholars.org. The website includes descriptions of the funding that is available, as well as downloadable and online application forms.

Donors Welcome

Contributions to the Environmental Education Foundation, Inc. are deductible for income tax purposes, and donations may also be made via the Foundation's website.

The Reserve Account will be equal in amount to the prior eighteen (18) months' total cash disbursements (excluding discretionary grants). Such funds shall be recorded separately on the financial statements as the "Board Mandated Reserve". The Board shall review the size of the Reserve Account each year as part of the annual budgeting process. Draw downs from the Reserve Account shall require majority approval of the entire Board.

Section 9-11 - Investment Policy: The Association's primary objective in managing its investable assets is to preserve principal. However, the Board recognizes that during some market conditions, an all-cash policy may be inappropriate. Provided that the Reserve Account has been achieved, the Executive Committee is authorized to allocate no more than twenty-five (25) per cent of the Association's remaining investable assets in prudent, non-cash accounts. The Board shall review the allocation of the investments each year as a part of the annual budgeting process.

ARTICLE X INDEMNIFICATION and LIABILITY

Article 10-1 - Indemnification: To the fullest extent permitted or required by law, including but not limited to Wisconsin Statutes Sections 181.0871 through 181.0889 (and any subsequent amendments thereto), the Association shall indemnify its Directors and Officers against any and all Liabilities, damages, costs and Expenses and shall advance, as incurred, any and all reasonable Expenses, incurred in any Proceeding to which any such Director or Officer is a party because he or she is a Director or Officer of the Association, or because he or she is responsible for the operation of the Association or any part thereof. The rights granted herein shall not be deemed exclusive of any other rights to indemnification against Liabilities, damages, costs, and Expenses, or the advancement of Expenses to which a Director or Officer may be entitled under any written agreement, Board resolution, statute or otherwise. Further, all such rights shall continue as to any person who has ceased to be a Director or Officer, and shall inure to the benefit of the heirs, executors, administrators and assigns of such person.

Article 10-2 - Liability: Upon receipt of a request for indemnification against Liabilities and Expenses and/or advancement of Expenses pursuant to this provision, a prompt determination shall be made by a disinterested quorum of the Board, if available, or by such other means recognized by law, to determine the requesting Party's right to indemnification or advancement. If no such determination is made within thirty (30) days from the date of the request, it shall be conclusively presumed for all purposes that the requesting Party has rights to indemnification and for advancement unless, by proper resolution of the Board, said thirty (30) day deadline is extended. The Association may, but shall not be obligated to, supplement the foregoing rights to indemnification against Liability and Expenses, and/or advancement of Expenses by purchasing insurance on behalf of any one or more Directors or Officers, regardless of whether the Association shall be obligated to indemnify against Liability or advance Expenses to the Director or Officer covered by said insurance.

Article 10-3 – Definitions: All capitalized terms used in ARTICLE X and not otherwise defined shall have the meaning set forth in Section 181.0871 of the Wisconsin Statutes.

ARTICLE XI CONFLICT OF INTEREST

Section 11-1 – Disclosure of Possible Conflicts: Each Director shall disclose to the Board any duality of interest or possible conflict of interest whenever duality or conflict pertains to a matter being considered by the Board.

Section 11-2 – Minutes: The minutes of the Board meeting involving any situation where a conflict has been identified shall reflect the disclosure of the conflict, the individual’s limited involvement in the discussion of the topic, the abstention from voting and that a quorum was present after removal of the Director with the conflict.

Section 11-3 – Statements of Policy: The Association will have approved policies in place complying with the IRS’s recommendation that 501 (c) (3) organizations have approved policies on Conflict of Interest, Whistleblowers and Record Retention.

ARTICLE XII DISSOLUTION CLAUSE

Section 12-1 Dissolution Clause: The corporation shall be nonstock and no dividends or pecuniary profits shall ever be declared or paid to the members thereof. In the event of the dissolution of the corporation, the Board of Directors shall, after paying or making provisions for the payment of all the liabilities of the corporation, dispose of all the assets of the corporation exclusively for the purposes of the corporation in such manner, or to such organization or organizations organized and operated exclusively for charitable, educational, religious, or scientific purposes as shall at the time qualify as an exempt organization or organizations under section 501(c)(3) of the Internal Revenue Code of 1986 (or the corresponding provision of any future United States Internal Revenue Law), as the Board of Directors shall determine. Any such assets not so disposed of shall be disposed of by the Circuit Court of the county in which the principal office of the corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE XIII AMENDMENTS

Section 13-1 Amendments: The power to alter, amend or repeal the By-Laws of the Association, or adopt new By-Laws shall be vested in the Board unless otherwise provided in the Articles of Incorporation. Such action may be taken at any Regular or Special Meeting of the Board. Notice of the proposed amendment, to include the suggested text of the change, shall be given in writing to all Directors at least twenty (20) days prior to the meeting at which the proposed change will be considered. The By-Laws may contain any provision for the regulation and management of the affairs of the Association not inconsistent with law or the Articles of Incorporation.
