## THE COVER

*A stunning view of the fall colors,  
a classic sailing yacht moored  
on a serene lake unruffled  
by wind or boat traffic...  
taken by Robert Youngquist  
from the vantage of  
The Embree House in  
Fontana. This is what fall  
on Geneva Lake is all about.*

# **GLA Sponsors Placement of Lake Path Signs Around Geneva Lake Shore**

With the approval of the communities around the lake, the Geneva Lake Association several years ago erected a number of Lake Path signs where the walking public enters onto private land. In 2013, the GLA Board of Directors replaced those signs. Some had deteriorated, and improvements were made to the message. Additional signs have since been requested and added. In 2017, the GLA revised the language on some of the signs to better clarify the intended use of the Lake Path. GLA volunteers have recorded photos with GPS coordinates of the signs and indicated their placements on the map on pages 36-37. The wording of these attractively painted wood signs, mounted on steel or wood posts, is shown above.

We are all aware that the public, by tradition of well over 100 years, is allowed to walk the shore path completely around the lake, even though it passes over private property. Most people respect the privilege and are very careful not to violate the trust given them by lake shore property owners.

We know, however, that there are abuses by a few, sometimes because they are not aware of the implied rules. The signs, strategically located on the walking path, remind the public of what is allowed and what is not permitted.

Lake Path signs are available to home owners or property owner associations at cost, subject to the approval of GLA.
